

Strengthen & secure MSME-finance advisory capacities during COVID-19 in Egypt

The Financial Sector Webinar Series

Frankfurt School of Finance & Management in partnership with GIZ on behalf of the German Development Cooperation, are inviting you to a series of webinars aiming to address the impact of COVID-19 crisis on the financial sector.

The economic implications of COVID-19 for MSME in Egypt are substantial. Access-to-Finance and liquidity will be a key element for MSME to cope with the crisis. Therefore, the webinars are interactive sessions designed to enhance the capacities and knowledge of financial institutions with regards to Risk Management and MSME-Finance as they weather COVID-19. As a mitigation response to the negative implications of the COVID-19 crisis, Promotion of Access to Financial Services for SME (PAFSME) project in GIZ Egypt invites all financial sector professionals to attend the webinars. The courses are administered under an open enrollment approach. Participants meeting the criteria are eligible to earn a certificate.
